

TONOPAH WILL BE A SPOTLESS TOWN BY THIS EVENING

Residents of This City Will Be Busy
Today Observing the Cleaning Day
Proclamation.

Cleaning day.
Get your shovels, rakes, hoes, brooms, in fact everything that will aid in cleaning the town of rubbish. For today has been set aside as a day for cleaning of all premises and it is expected that everybody will join in the movement. There will be eight or ten teams to haul away the rubbish and all that the people will have to do is to rake up the trash in a convenient pile so that the wagons can be easily loaded.

By tonight Tonopah should be a "spotless town" as far as trash and rubbish is concerned and if any place is overlooked it will not be the fault of the health officers nor those who have volunteered their services.

It may not be of common knowledge that the legislature at the last session passed a measure to prevent the throwing, placing or depositing of garbage or refuse in any place not specified by the health officers of any unincorporated town in this state, and named a penalty for persons violating the measure. For the benefit of those who are unacquainted with the law

we will quote the measure in its entirety:

Section 1. It shall be unlawful for any person or persons to throw, place or deposit any sloop, empty bottles, dead animals or other refuse or garbage on any sidewalk, or in and upon any street or alley or any vacant or unoccupied lot in any unincorporated town in this state.

Section 2. Any person or persons violating any of the provisions of this act shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in a sum not less than five dollars (\$5), nor more than fifty dollars (\$50), or imprisoned in the county jail or branch county jail of the county in which such conviction is had, for any term not exceeding twenty-five days, or by both such fine and imprisonment.

Section 3. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

It lies within the power of Chief of Police Malley to rigidly enforce this legislation and he will be out today with a force of deputies to see that a general cleaning up is in progress.

CAMP IMPROVES WITH EACH VISIT SAYS WHEELER

PRESIDENT OF TONOPAH UNITED WATER COMPANY IS OPTIMISTIC.

Colonel E. G. Wheeler of San Francisco, president of the Tonopah United Water company, who is spending several days in town looking after his interests, becomes more optimistic each day during his stay, and yesterday was quite jubilant over the prospects of this camp.

"The information that I consider of greatest importance," said Colonel Wheeler, "is the fact that your real estate agents report that there is a scarcity of vacant houses and this fact alone tends to show that the camp is one the verge of a second boom. However, to my mind there will be no boom, only a steady growth, such that has been in evidence for the last few months."

"While I have only been absent from Tonopah for a few weeks, since my former visit, this time proved sufficient for a wonderful change to become apparent. The steady improvement in the mines, with the uncovering of ore bodies at depth has added years to the life of Tonopah and I am of the opinion that mining here is just in its infancy. This is the liveliest camp that I have struck during my western travels, and but for outside interests I would be content to take up my permanent residence here."

The principal object of Colonel Wheeler's visit is to talk over matters pertaining to a number of improvements that the company is contemplating, principally among them being the installation of the huge reservoir for fire protection on one of the mountains west of town.

CAL BROUGHER IS ENTHUSIASTIC OVER BELMONT

PAYS A VISIT YESTERDAY TO UNDERGROUND WORKINGS OF COMPANY.

"It is the greatest showing I have ever witnessed," said Cal Brougher yesterday after spending several hours prowling around the underground workings of the Belmont mine. It was a busy day for Mr. Brougher, for in the morning he took a trip through the Midway property and several hours later, accompanied by his brother, Wils Brougher, and Superintendent Frederick Bradshaw of the Belmont, went on a tour of inspection through the last named mine. Considerable time was spent on the 1100-foot level and, also at the bottom of the shaft where the new strike was made a few days ago.

In speaking of this showing Mr. Brougher said:
"The vein at the present time is about twelve feet wide with the values continuing in the milling grade. The shaft is about sixteen feet in the ore on the vertical with the walls yet to be found. It appears to me to be a ledge of equal strength as the body now being worked on the 110-foot level and I think that subsequent developments will bear me out in this belief."

The Belmont mill resumed operations at Millers yesterday with the sixty stamps dropping. Superintendent Bradshaw stated last evening that the company will ship 220 tons daily to the mill while small shipments will be continued to the smelters. For the last week the ore bins have been receiving the output of the mine and were full yesterday. The bulk of the ore will come from the 1100-foot level of the mine, while the various stopes and other workings will contribute their portion.

HANDSOME POSIES ARE IN DEMAND

Rotholz brothers yesterday received a choice shipment of flowers, from one of the leading florists of San Francisco. The garden truck did not remain on display for a very great length of time as is usual with the consignments received by this firm. It is the intention to receive shipments every few days, which will be sent in by express.

An ad in the Bonanza is sure to bring results.

MONS VALLE AN ATTRACTION AT BIG CASINO

ORCHESTRA AT POPULAR RESORT IS NOW CLASSED AS BEST IN THE WEST.

Mons. Joe Valle, who delighted the crowds at the Nevada theater last week with his selections on the accordion, has joined the orchestra staff at the Big Casino, and last night the popular resort was crowded with music lovers. Valle, who is better known as the "Wizard on the accordion," will continue to play at the Casino and tonight will start the program with his rendition of that favorite overture "Poet and Pheasant." This will be followed by the "Light Cavalry" and other favorites.

The Casino orchestra, under the leadership of Professor Julius Goldsmith, is now reckoned as one of the best in the west. It is composed of eight pieces and every player is an artist in his line. With the addition of Mons Valle, the sweetness of the music is greatly increased and last night each rendition was received with applause. The management expects several new vaudeville performers on this morning's train and new specialties will be presented this evening. The admission is free and all are invited.

APPROACH OF COMET CAUSES GOOD FIGHTS

IMPROMPTU CONTESTS DRAW FAIR SIZED CROWDS YESTERDAY.

For a short time yesterday afternoon it looked like the pioneer days of the camp. Considerable excitement was caused by two fights, neither of which resulted in any fatalities but both served as a topic of conversation for the afternoon. Early in the morning another fight was pulled off by several parties who had been watching for Halley's comet, and endeavored to find the celestial visitor with the aid of a few glasses. Sufficient to say that their efforts were fruitless and the fight ended in a draw.

The desire to engage in fist combat is attributed to the near approach of the comet and some good scraps are expected while we are passing through the tail.
